Special Rules

- AP:** Targets get -X to Defense rolls when blocking hits.

Fast: Moves +2" when using Advance, and +4" when using Rush/Charge.

Furious: When charging, unmodified results of 6 to hit in melee deal 1 extra hit (only the original hit counts as a 6 for special rules).

Havocbound: When this model shoots at enemies over 9" away, or when it charges, its weapons get AP(+1).

Hero: Friendly units within 12" may take morale tests using the hero's Quality, as long as the hero isn't Shaken.

Impact: Roll X dice when attacking after charging, unless fatigued. For each 2+ the target takes one hit.

Rending: Ignores Regeneration, and on unmodified results of 6 to hit, those hits get AP(+4).
- Scout:** May be set aside before deployment. After all other units are deployed, may be deployed anywhere fully within 12" of their deployment zone. Players alternate in placing Scout units, starting with the player that activates next.

Thrust: When charging, gets +1 to hit rolls and AP(+1) in melee.

Tough: This model only rolls to check wound effects once it has taken at least X wounds, and is only Knocked Out on rolls of 5+X or more.

Vanguard: After this model is deployed, it may be placed anywhere fully within 9" of its position.

Versatile Attack: When this unit is activated, pick one effect: until the end of the activation, when shooting or charging enemies over 9" away, all models with this rule in this unit either get AP(+1) or get +1 to hit rolls.

Campaign Traits

- Elite:** May re-roll one roll of any kind once per round.
