Shaman [1] - 30pts	Qua 5+ Def 6+	1x Magic Staff (12", A2, Rending) 1x Hand Weapon (A1)	<u>Caster Group(1)</u> , <u>Mischievous</u> , <u>Strider</u>

Special Rules

- AP:** Targets get -X to Defense rolls when blocking hits.

Bane: Ignores Regeneration, and when attacking the target must re-roll unmodified Defense results of 6.

Caster: Gets X spell tokens at the start of each round, but can't hold more than 6 tokens at once. At any point before attacking, spend as many tokens as the spell's value to try casting one or more spells (only one try per spell). Roll one die, on 4+ resolve the effect on a target in line of sight. Models within 18" in line of sight of the caster's unit may spend any number of spell tokens at the same time before rolling, to give the caster +1/-1 to the roll per token.

Caster Group: This model counts as having Caster(1).

Deadly: Assign each wound to one model, and multiply it by X. Hits from Deadly must be resolved first, and these wounds don't carry over to other models if the original target is killed.

Furious: When charging, unmodified results of 6 to hit in melee deal 1 extra hit (only the original hit counts as a 6 for special rules).

Hero: Friendly units within 12" may take morale tests using the hero's Quality, as long as the hero isn't Shaken.

Mischievous: When attacking, targets must re-roll unmodified Defense results of 6 when blocking hits from this model's weapons.

Mischievous Boost: If this model has Mischievous, when it shoots or charges enemies over 9" away, enemies taking hits from it must re-roll successful unmodified defense results of 5-6 from Mischievous (instead of only on 6).

Piercing Fighter: This model gets AP(+1) in melee.
- Precision Fighter Buff:** Once per activation, before attacking, pick up to 4 friendly units within 12", which gets +1 to hit rolls in melee once (next time the effect would apply).

Rending: Ignores Regeneration, and on unmodified results of 6 to hit, those hits get AP(+4).

Scout: May be set aside before deployment. After all other units are deployed, may be deployed anywhere fully within 12" of their deployment zone. Players alternate in placing Scout units, starting with the player that activates next.

Shred: On unmodified results of 1 to block hits, this weapon deals 1 extra wound.

Strider: May ignore the effects of difficult terrain when moving, and only needs 2+ to pass jumping rolls.

Tear: Against non-Hero units with Tough(3) or more, this weapon gets AP(+4).

Thrust: When charging, gets +1 to hit rolls and AP(+1) in melee.

Thrust in Melee Aura: This model and up to 3 friendly units picked before the start of the game get Thrust in melee. If this model is killed, picked models that are deployed lose the rule.

Tough: This model only rolls to check wound effects once it has taken at least X wounds, and is only Knocked Out on rolls of 5+X or more.

Unpredictable Fighter: When in melee, roll one die and apply one effect to all models with this rule: on a 1-3 they get AP(+1), and on a 4-6 they get +1 to hit rolls instead.

Campaign Traits

- Leader:** Friendly units within 6" of the Hero get +1 to morale test rolls.

Arm Injury: Gets -1 to rolls when in melee.
- Specialist:** Gets +1 to hit rolls in melee or shooting (pick one).

Resilient: Gets +1 to rolls when blocking hits.

Goblins Army Spells

- Spider Might (1):** Pick up to two friendly units within 12", which get Mischievous Boost once (next time the effect would apply).
- Stinging Spider (1):** Pick one enemy unit within 6", which takes 3 hits with Bane.
- Bat Thirst (2):** Pick up to four enemy units within 18", which friendly units gets Piercing Fighter against once (next time the effect would apply).
- Pouncing Wolf (2):** Pick up to two enemy units within 12", which take 2 hits with AP(2) each.
- Wolf Resilience (3):** Pick up to six friendly units within 12", which get +1 to defense rolls once (next time the effect would apply).
- Biting Bat (3):** Pick up to three enemy units within 6", which take 1 hit with Deadly(3) and Tear each.
